5) PUBLIC COMMENT SESSION

Henry McKenna: Wants public comment anytime, concerned of conflict of interest regarding Jason Vandenberg/Moser Property and requesting more copies of plans for public to view

Wayne Fryda: Concern over sprinkler system – request building be sprinkled even if not required by code because of dangerous environment and expensive trucks. Questioned if there was a severe weather space required.

Darrin Tiedt: Agreed with Henry to allow public input at meetings at anytime. Concerned that members ask what is needed but then tell residents they don't need it. Suggests 6th bay be built now if additional truck is going to be purchased within couple year of construction
