How does the Direct Payment Plan work?

Each quarter, just as you do now, you will receive a statement showing your utility charges. On the due date, your bank will automatically deduct that amount from your designated account. Your direct payment plan will remain in effect until you notify us in writing to change or cancel the plan.

When can my Direct Payment Plan go into effect?

You must allow **15 days for set up**. If your utility payment is due in the next 15 days, you will need to make that payment with a check. The following quarter your payment will be automatically withdrawn.
